Frequently Asked Questions

What is the warranty on the battery that came with my vehicle? It says that it has a six-year warranty.

The battery that comes with a GM vehicle or is replaced under warranty is covered by the limited warranty of three years or 36,000 miles (48 months/4 years or 50,000 miles, whichever comes first, for Cadillac, Buick and HUMMER) and should be taken back to the GM dealership. The six-year warranty is for the consumer who purchased the battery; the battery should be returned to the place of purchase or any ACDelco battery retailer with the receipt.

Where can I find a warranty-covered replacement battery?

You can find a local ACDelco battery retailer through the ACDelco [Parts Retailer](#) or [Service Center](#) online, or call 1-800-ACDelco and one of our friendly representatives will help you locate a warranty center in your area.

How do I read the warranty date code on my battery?

The warranty date code is located on the top label of the battery. The first character is either a P or S. The next two digits determine the month, the third digit is year and the fourth digit indicates the manufacturing plant. For example, P 098N means the battery was made in September 2008.
